

# JOIN HANDS FOR CHRIST TO BE A HAND FOR CHRIST TO BLESS THE NATIONS

*(Use a small group of Christians in a strategic location  
to light up in the darkness that surrounds them.)*

\*\*\*

God's purpose for everyone is to be a source of His blessing to bless the nations (Gen 12:1-3; Mt 28:16-18). So, if you want to fulfill your purpose, here's a wonderful opportunity.

Become a partner of Hands for Christ ministry by giving \$65 dollars or more to help a man feed his family, and at the same time support a cross-cultural missionary working among the least reached peoples group in the 10/40 window region. Then, find 2 persons to do the same. The so called 10/40 window, between latitudes 10 and 40 degree north, is home of almost 90% of the world's unreached peoples, but have drawn only about 10% of the total Christian mission workforce.

This precious gift can do so much. \$65 will be used to buy a young small pig which will then be given to a Christian man in Mizoram in Northeast India, who is struggling everyday to feed his family but can raise a pig. After 8 to 12 months, the pig is large enough for sale; the man will keep 50% of the price and the other 50% will be given to this ministry to support a missionary.

# LIGHT AMONG THE DARKNESS

**10/40 window**, between latitudes 10 and 40 degrees north, is home of almost 90% of the world's unreached peoples, but have drawn only about 10% of the total Christian mission workforce.

You can become a light in the darkness there through the Mizos. Here is the value and power of partnership; use the Mizos to bring the light in the darkness around them, and you feed the fuel for that light by partnering with them.

## MIZORAM

**Location : Between Burma and Bangladesh in Northeast India.**

**Area : 21,087 Sq Km**

**Latest Population : 891,058 Male: 459,783 Female: 431,275**

**People: a group of Mizo tribes**

**Language: Mizo, English**

**Religion : 90+% Christian**

**Economy : 53% below poverty line (mostly, in rural area)**

### Groups of people in Mizoram:

CATEGORY	CULTURE	POTENTIALS	NEEDS
City	Westernized	To work as tentmakers such as teachers, nurses, etc - E3, P3	They already are Christians and need proper mobilization & training
Rural	Mizo	To work among tribal peoples - E2, E3	They already are Christians and need proper mobilization & training
Non-Mizo	Muslim or Hindus	To work among Muslims or Hindus - E1, P1	Need to be reached, then train and use them to go to their own people

Why God puts a group of Mizo Christians among the worlds least reached peoples and in a strategic place? Can it be that God wants to work out His global purpose using the power of partnership to change the course of history and to finish the task of world evangelism, and thus ushering to His kingdom in our day? (Matt 24:14)

**Our projects: “Doing business for the advancement of the Gospel through community development.”**

- 1. Train/support/send frontier missionaries.**
- 2. Cattle farm** - To supply the high demand of beef by Mizo people and reduce cattle import from Myanmar. Currently, 95% of beef is imported to Mizoram from Myanmar.
- 3. Piggery** - To supply the high demand of pork by Mizo people and reduce pigs import from Myanmar. Currently, 70% of pork is imported to Mizoram from Myanmar.
- 4. Broom plantation** - To supply the high demand of brooms from greater India.
- 5. Rural community store** - To help rural community enjoy the privilege of buying grocery and essential commodities at the same price as in towns and the state capital.
- 6. Christian multipurpose center** - To teach and mobilize young people, who shun and are turning away from traditional churches, for dynamic Christian living by introducing weekly contemporary worship, Christian value-based media, literature, and counseling.
